

The Kokrobite Chiltern Centre (KCC) works with families from Kokrobite (Ghana) and surrounding villages to enable the children to attend school and gain an education

Volunteering at KCC

The Kokrobite Chiltern Centre is a UK registered charity (No.1185282) and a Ghana registered NGO (No.DSW/2727)

The Work of KCC

We welcome and host volunteers

We fund children to attend school

We support local schools with resources

We build and run learning centres

We train sports teams for boys and girls

We offer teacher training

We run a library service

We deliver a computer coding and robotics programme

We hold dental outreach clinics

We run an aquaponics project to grow food

We construct using a 'Bottle Building' technique

We celebrate Christmas with our annual party

Why Volunteer at KCC?

- This is your chance to make a real difference and achieve something meaningful
- You will immerse yourself in a different culture and explore a new part of the world. There will even be a chance to participate in cultural activities like drumming & dancing workshops or tie dye classes
- You will experience how to live in a close community by practising tolerance, problem solving and individual responsibility
- Your visit will allow time away from your daily life and provide time to think about and understand others
- You will learn new skills and discover new talents you didn't know you had!
- You will be met with smiling faces - you will make many new friends
- Where else can you taste the delicious Ghanaian dishes of fried fish and kenkey?
- You will take home many happy memories of your unique and enriching experience. You will have a lot of fun and will have many stories to tell

How Can I Help KCC?

Recent volunteers have enjoyed teaching, providing childcare and welfare, sports coaching, helping with the preparations for our Christmas party, working on the design and construction of one of our bottle building projects or working with our aquaponics system. We match volunteers' skills and experience with the needs of the community. If you have a particular interest or idea in mind please do get in touch.

Where Will I Stay and For How Long?

Volunteers can stay at Jane and Martial's house which is suitable for 23 people comfortably (up to 28 max). The rooms sleep 4-6 with single and double rooms available. It is clean and very safe with spaces for student recreation and teacher group meetings.

We provide all meals for our visitors and take into account dietary requirements.

We are very flexible on how long volunteers stay and it will depend on their chosen project but typically it is between 3 weeks and 3 months for individuals or shorter stays for groups.

How Much Will It Cost?

Volunteers arrange and pay for flights to and from Ghana, necessary vaccinations and malaria tablets. KCC helps with other travel arrangements including invitation letters for VISA applications and airport transfers. Volunteers are encouraged to fundraise for their chosen project in preparation for their trip and although it is not compulsory many kindly also offer a donation. Aside from a small fee to cover food, accommodation and transport, there is no additional cost for volunteering. The overall cost of the trip depends on the chosen location and length of stay.
